General Note: The Group is exposed to abrasion of the USD in relation to the NIS, Euro (€) and the Pound (£). Most of the Group's salaries and other operating costs are fixed in the local currencies. Revaluation of the local currencies drives to an increase or decrease in labor costs and other operating costs, thus, affects the operating results of the Company**.**

Sales revenues - The Group's sales revenues for the nine-month period ended September 30, 2016 were USD 22,374 thousand compared with USD 20,442 thousand in the nine-month period ended September 30, 2015 (increase of 9%) . Sales revenues in the third quarter of 2016 were USD 8,306 thousand compared with USD 6,859 thousand in the third quarter of 2015 (increase of 21%).

The sales increase in the third quarter of 2016 was mainly attributed to increasing demand in few major projects.

Gross profit **-** The Group's gross profit for the nine-month period ended September 30, 2016 amounted USD 7,789 thousand (35% of sales) compared with USD 7,597 thousand (37% of sales) in the nine-month period ended September 30, 2015. The Group's gross profit for the three-month period ended September 30, 2016 amounted USD 3,246 thousand (39% of sales) compared with USD 2,460 thousand (36% of sales) in the three-month period ended September 30, 2015.

The changes in the gross profit resulted mainly from different products mix and different production locations of each period sales, as well as from the sales volume increase (since part of the expenses included in the cost of sales did not increase in parallel to the sales increase).

Selling & marketing expenses **-** The Group's selling & marketing expenses are mainly comprised of: (1) commissions to the Group's reps' and Marketing Personnel, which are calculated as a portion of sales and of (2) other selling expenses (fixed) based on management policy. The Group's marketing efforts are concentrated through participation in major power electronic shows around the world and by collaborating with its worldwide rep's Network.

The Group's selling & marketing expenses for the nine months ended September 30, 2016 amounted to USD 1,674 thousand compared with USD 1,584 thousand in the nine months ended September 30, 2015. The increase in selling & marketing expenses relates mainly to expanding the Group's marketing team worldwide.

General& Administrative expenses **-** The Group's General & Administrative expenses for the nine-month period ended September 30, 2016 amounted to USD 2,268 thousand compared with USD 2,110 thousand in the nine months ended September 30, 2015. The increase in these expenses relates mainly due to an increase in other non-reoccurring G&A expenses.

Finance income (expenses), net - The Group's net finance income for the nine-month period ended September 30, 2016 amounted USD 108 thousand compared with a net finance expense of USD 5 thousand in the nine-month period ended September 30, 2015. The increase in this income resulted mainly from decrease in interest cost to bank, due to the repayment of the long term loan, and due to increase in profits from finance derivatives transactions.

5. External factors effects

Revaluation/devaluation of the local currencies, NIS and GBP, in relation to the U.S. Dollar leads to an increase/decrease (respectively) in labor costs and other operating costs. Most of the Group’s salaries and other operating costs are fixed in local currencies; therefore, the operating results are affected.
Devaluation of the Euro(€) and Pound(£) in relation to the U.S. Dollar leads to a decrease in Group’s assets in those currencies.

To the best of the Board of Directors’ and management’s knowledge, except the above mentioned, there have been no significant changes in external factors that may materially affect the Company’s financial position or results of operations.

6. Statement by senior management in accordance with article 12, § 2 (3°) of the Royal Decree per 14.11.2007

Pursuant to article 12 § 2(3°) of the Royal Decree of 14 November 2007, David Yativ Chairman of the Board of Directors declares, on behalf of and for the account of Payton Planar Magnetics that, as far as is known to him,
